

# Spring Software Festival

The Quantitative Initiative for Policy and Social Research is proud to host a bi-annual software festival. We welcome anyone from the university community to attend these free workshops and hone their software skills.

Please register at <http://qipsr.as.uky.edu/>

## This year's sessions will include:

- **Regression analysis in Stata** with Amanda Bunting (Sociology)
- **Graphics in R** with Shaowli Kabir (Applied Statistics)
- **Intro to LaTeX** with Erik Fay (Political Science)
- **Graphics in Stata** with Ting Lowan (Sociology)
- **Regression in R** with Chenlu Ke (Applied Statistics)
- **Mapping Variation in QGIS** with Sarah Watson (Geography)

Full Schedule with room locations will be posted online. Please direct all inquiries to [Jaclyn.Johnson@uky.edu](mailto:Jaclyn.Johnson@uky.edu)
